

STEM

Vision Statement

Our vision statement is we desire our students to obtain a rich curriculum in the areas of science, technology, engineering and math. Through this enrichment we are preparing our students for the necessary skills and technologies that will enable them to succeed in the global marketplace. Our goal is for ALL students to be afforded the opportunity to transition into the workforce with minimal obstacles.

STEM

Mission Statement

Our mission statement is to develop inquisitive and academically skilled students who aspire to be life-long leaders. Through our elementary's rigorous inter-disciplinary curriculum, our focus is placed on science, technology, engineering and math. By promoting critical-thinking, creativity, collaboration and communication, we are preparing our students for the world-wide competition in the 21st century.
